

Sale Name: TEST Harvest Equipment Auction

LOT 2 - How to bid on This Auction!

Description

READ THIS AND PRACTICE BIDDING WITH NO CHARGES FOR ANY BIDS ON THIS LOT! Be sure to read the terms and conditions. Here is how a virtual auction works: Be sure to read the terms and conditions! Click "Bid" on the item that you wish to bid on. You will be prompted to register, and submit credit card information. Your credit card will be authorized for \$5. The card will be refunded immediately however, it takes time to show up on your end. Check your email and look for a "verify email" message from Integrity Auctioneers. Once you return to the bidding page, you will need to confirm your information. You can now bid on any item. You may bid the next amount or leave a higher "Max Bid" and the system will bid for you. We encourage you to use the "max bid feature." Enter the highest amount you wish to bid. The system will bid for you up to the amount you enter, but you will only pay the increment above the previous bidder. After you have entered the amount you wish to bid, click "Confirm Bid" Congratulations, you have bid on the item! When bidding transitions to a virtual/ simulcast auction at the appointed time, and the auctioneer is calling bids, please bid quick, as there can be a slight lag time in the internet. There will be a link to the livestream that appears at the top of the auction lots about 5 minutes before the live

bidding starts. Click on that to be able to see and hear the auctioneer. The auctioneer will begin with lot 1, and go in order, asking for any advance bid. When the auctioneer says "sold," the item is sold and he will move on to the next lot, just like a traditional auction. Be sure to refresh the web page often, or use the "Max Bid" feature. For any questions, or if you have trouble with your internet, call Ben at 605-850-1330.
